

## **UR Micro-Farm and Sustainable Dining Intern**

UR Micro-Farm and Sustainable Dining Intern assists the Natural Areas Steward in planting, harvesting, care, maintenance, and marketing of the UR Micro-Farm, supports sustainable food procurement initiatives, and provides tours of the Eco-Corridor.

### **SPECIFIC DUTIES:**

- Plant, transplant, and harvest greens in the Micro-Farm
- Clean and maintain all Micro-Farm equipment
- Work with Lou's to create events that demonstrate the Micro-Farm at the business school
- Create outreach materials and events to educate the campus staff on hyper-local dining.
- Conduct Eco-Corridor tours and outreach events.
- Help with UR volunteer events along with Eco-Corridor.
- Support other Office for Sustainability initiatives as needed.

### **QUALIFICATIONS:**

- Knowledge of hydroponics preferred
- Knowledge of basic mechanics and engineering
- A strong interest in hyperlocal food systems
